 - 5) scholarships for academic performance for students - participants in the E2TOP - Excellence in Engineering: Talents in Research with Opportunities Programme.

Chapter 2 **Research scholarships for staff and doctoral candidates and scholarship for academic performance for students**

§ 2

1. The Rector or the Vice-Rector designated by the Rector is the administrator of the Fund earmarked for scholarships.
2. The Rector or the Vice-Rector designated by the Rector announces a call for applications from candidates applying for a scholarship from this Fund, after the Rector of Lodz University of Technology has approved the material and financial plan of Lodz University of Technology, if the fund balance allows new scholarships to be awarded.
3. The annual scholarship amount for each category of scholarship recipients referred to in § 3 is determined by the Rector or the Vice-Rector designated by the Rector, after consultation with the Lodz University of Technology's Own Scholarship Fund Committee, hereinafter referred to as the "Committee", taking into account the Fund's resources.
4. The Own Scholarship Fund Committee of Lodz University of Technology is appointed by the Rector for the duration of its term of office. The Committee is composed of one representative from each of the scientific

disciplines in which the University is authorised to confer degrees and one representative of doctoral candidates and students. The Committee is chaired by the Rector or a Vice-Rector designated by the Rector.

5. Representatives of scientific disciplines are proposed by the respective Discipline Councils, the representative of doctoral candidates by the Doctoral Student Self-Government of Lodz University of Technology and the representative of students by the Student Self-Government of Lodz University of Technology.
6. The duration of membership of the Committee of the doctoral student representative and of the student representative is compatible with the term of office of the bodies of the respective self-governments.

§ 3

Scholarships are available to apply for:

- 1) employees for whom TUL is the primary place of work, who obtained their post-doctoral degree in the period from 2 to 10 years before the year of the application, and are conducting advanced work on a research topic of priority for the University, contributing to the expansion of scientific and research achievements demonstrated in the application for the initiation of proceedings for the conferment of the title of professor;
- 2) employees for whom TUL is the primary place of work, who obtained their doctoral degree in the period from 2 to 7 years before the year of application, and are conducting advanced work on a research topic of priority for the University, contributing to the expansion of scientific and research achievements demonstrated in the application for the initiation of proceedings for the conferment of a post-doctoral degree;
- 3) employees for whom TUL is their primary place of work, and are conducting advanced work on a doctoral dissertation on a priority research topic for the University;
- 4) Doctoral candidates in their third or fourth year of training at the Interdisciplinary Doctoral School of Lodz University of Technology who are completing their dissertation thesis and have demonstrated an active contribution to the University's research work during their studies;
- 5) second-cycle students who participate in research on one of the University's priority research topics contributing significantly to the University's research output and will pursue their master's thesis at Lodz University of Technology;
- 6) first-cycle students who participate in research on one of the University's priority research topics contributing significantly to the University's research output and will pursue an engineering or bachelor's thesis at Lodz University of Technology.

The periods referred to in points 1-6 may be extended by a period corresponding to the duration of maternity leave, parental leave, paternity leave and parental leave as defined in the Act of 26 June 1974. - Labour Code. In such a case, documents certifying the existence of the above-mentioned circumstances must be provided when submitting the application.

§ 4

1. Candidates applying for a scholarship, mentioned in § 3, submit an application according to the template specified in Appendix 1 to the Regulations, together with the following attachments:
 - 1) an application form, according to the template in Appendix 2 to the Regulations, signed by the candidate and the head of the unit. In the case of candidates referred to in § 3 points 4-6, the head of the unit should be understood as the head of the unit in which the doctoral, master's, engineering or bachelor's thesis is pursued;
 - 2) curriculum vitae;
 - 3) information on previous scientific achievements according to the template:
 - a) candidates referred to in § 3 point 1 should follow the template set out in Appendix 3 to the Regulations,
 - b) candidates referred to in § 3 point 2 should follow the template set out in Appendix 4 to the Regulations,
 - c) candidates referred to in § 3 points 3 and 4 should follow the template set out in Appendix 5 to the Regulations,

- d) candidates referred to in § 3 points 5 and 6 should follow the template set out in Appendix 6 to the Regulations,
- 4) a description of the research project to be carried out during the scholarship.
2. Candidates mentioned in § 3 pt. 3-6 additionally submit an opinion of their academic supervisor, and candidates mentioned in § 3 pt. 2 submit an opinion of the head of the faculty organisational unit employing them (head of institute, head of department) or of the university-wide unit, whereas candidates listed in § 3 points 5-6 shall additionally enclose the weighted average of marks obtained in the academic year preceding the year of submitting the scholarship application, confirmed by the Dean's Office, and a certificate confirming the completion of the last semester.
 3. Research projects submitted to the Fund must not overlap with projects financed by other public funds.
 4. An application for a scholarship, addressed to the Rector or the Vice-Rector designated by the Rector, together with a set of signed documents and their identical electronic version (forwarded by e-mail to the Research Support Centre: rncwn@adm.p.lodz.pl), is submitted by the candidate at a place and on dates announced by the Rector or the Vice-Rector designated by the Rector. The documents must be accompanied by a signed declaration, a specimen of which is set out in Appendix 6a to the Regulations.
 5. An agreement on the realisation of a scholarship from the Fund, according to the template in Appendix 7 to the Regulations, is concluded with the person awarded a scholarship. On the part of Lodz University of Technology, the agreement is concluded by the Rector or a Vice-Rector designated by the Rector.
 6. If a scholarship is awarded to a doctoral candidate or student, it is necessary to conclude a rights-sharing agreement with them on the results of the project.

§ 5

1. The Professor Scholarship, the Post-Doctoral Scholarship and the Doctoral Scholarship may be paid for a maximum period of 12 months, as requested, in monthly instalments, with payment at the end of each calendar month.
2. The Master Scholarship may be paid for a maximum period of 9 months, in accordance with the application, in monthly instalments, with payment at the end of each calendar month. If the laureate undertakes education at the Interdisciplinary Doctoral School of Lodz University of Technology in the academic year immediately following the award of the master's degree and successfully settles the previously awarded scholarship, there is a possibility of extending the scholarship period by another 5 months.
3. The Engineering Scholarship and the Bachelor Scholarship may be paid for a maximum period of 5 months, as requested, in monthly instalments, with payment at the end of each calendar month. If the Laureate undertakes second-cycle studies at TUL in the next recruitment after obtaining the bachelor's/Bachelor of Science degree, continues his/her scientific activity and successfully settles the previously awarded scholarship there is a possibility to extend the scholarship period by another 4 months.
4. Upon submission for evaluation of the thesis/achievement/application forming the basis for the conferral of a professor's degree, a Master of Engineering/master's/Bachelor of Science/bachelor's degree for which the scholarship was awarded, before the expiry of the period for which it was awarded, the remainder of the scholarship is paid in a single payment.

§ 6

1. Candidates for the scholarships are selected by the Committee through a competition.
2. When examining applications, the Committee, having established that the formal requirements are met, assesses the candidate's academic achievements, the scientific value of the research project and the manner in which any previous agreements for a research scholarship/scholarship for academic performance from the Lodz University of Technology's Own Scholarship Fund have been fulfilled.
- 2a. A member of the Committee is obliged to inform the Chairperson of the Committee that they have submitted an application for an academic scholarship/scholarship for academic performance from the Own Scholarship Fund. The Chairperson of the Committee or the Vice-Chairperson of the Committee decides to exclude a member of the Committee from the application assessment procedure and voting on the category of the application submitted by them.
3. The decision to award a scholarship is taken by the Rector or the Vice-Rector designated by the Rector on the basis of a proposal from the Committee. The issued decision is final.

4. The Rector or the Vice-Rector designated by the Rector, in consultation with the Committee, determines each year the monthly scholarship rate for each of the scholarship categories referred to in § 3, taking into account the Fund's resources.

§ 6a

1. The Committee's deliberations may be held using technical devices allowing for remote communication with simultaneous direct transmission of images and sound.
2. The minutes of the Committee proceedings conducted by means of electronic communication shall be signed by the Chairperson of the Committee or the Vice-Chairperson of the Committee.
3. Voting by the Members of the Committee on matters related to recommendations for funding of applications may be conducted in the electronic circulation mode, e.g. via the WIKAMP platform.
4. The minutes of votes conducted by electronic circulation are signed by the Chairperson of the Committee or the Vice-Chairperson of the Committee.

§ 7

1. The purpose of the scholarship is to present for evaluation the work/achievement/application forming the basis for the conferral of a title of professor, a degree, a Master of Engineering/master's/Bachelor of Science/bachelor's degree for which it was awarded.
2. The scholarship holder sends, within 3 months of the end of the scholarship period, a report on the research carried out, together with a list of scientific achievements, to the Research Support Centre.
3. The scholarship holder immediately submits to the Research Support Centre information on: the application for the initiation of proceedings for the conferral of the title of professor/application for the initiation of proceedings for the conferral of a post-doctoral degree/submission a doctoral dissertation/submission a master's, engineering/ bachelor's thesis.
4. After the expiry of the following deadlines declared by the scholarship holder: the application for initiation of proceedings for the conferment of the title of professor/application for initiation of proceedings for the conferment of the degree of a post-doctoral degree/ submission a doctoral dissertation/submission a master's, engineering/ bachelor's thesis, if these deadlines are not met, the scholarship holder is obliged to submit to the Rector or the Vice-Rector designated by the Rector a letter explaining the reasons for the delay or the inability to meet the obligations undertaken.

Chapter 3

Funded scholarships for students' academic performance

§ 8

1. The Rector or the Vice-Rector designated by the Rector is the administrator of the Fund intended for funded scholarships for student performance.
2. The recipients of funded scholarships for student performance, the procedure for awarding and disbursement, and the documents required from candidates are defined in the scholarship regulations.
3. The regulations for the scholarship referred to in 2 shall be determined by the Rector together with the funder.
4. The conditions for the payment of the funded scholarship for students' academic performance are defined by an agreement between Lodz University of Technology and the scholarship holder.
5. The award of a scholarship may be terminated in the cases and according to the procedure provided for in the scholarship regulations and the agreement concluded with the scholarship holder.

Chapter 3a

Scholarships for academic performance for student participants in the E2TOP Programme

§ 8a

1. Candidates applying for the scholarship shall submit an application for the scholarship, according to the specimen in Appendix No. 8 to the Regulations, to the Centre for Teaching and Learning at TUL.
2. Lodz University of Technology Centre for Teaching and Learning forwards the application to the Programme Council for its opinion, and then forwards the approved application to the Committee for its own Scholarship Fund of Lodz University of Technology.
3. The Committee selects scholarship recipients on the basis of the opinion of the E2TOP Programme Council.
4. The decision to award a scholarship is made by the Rector or the Vice-Rector indicated by the Rector. The decision is final.
5. An agreement on the realisation of a scholarship from the Fund, according to the specimen in Appendix no. 7 to the Regulations, is concluded with the person awarded a scholarship. On the part of Lodz University of Technology, the agreement is concluded by the Rector or the Vice-Rector indicated by the Rector.
6. If a scholarship is awarded, it is necessary to conclude an agreement with the student on the distribution of rights to the results obtained under the E2TOP Programme.
7. The scholarship is paid monthly, for 10 months of the period of participation in a given edition of the Programme, excluding the months of August and September.
8. The annual amount of the scholarship is determined by the Rector or the Vice-Rector appointed by the Rector, after consulting the Committee, taking into account the Fund's resources.
9. The scholarship holder shall, within 1 month of the end of the scholarship payment period, submit to the E2TOP Programme Programme Board a final report on the implementation of the established programme of studies and the course of study referred to in the Regulations of the E2TOP Programme.
10. If the scholarship holder loses their status of participation in the E2TOP Programme, the scholarship shall be paid up to the month in which the scholarship holder lost their status.

Chapter 4

Final provisions

§ 9

1. The Rector or the Vice-Rector designated by the Rector, after consulting the Committee, may decide to revoke the scholarship.
2. A decision to revoke a scholarship means that payment of the remaining part of the scholarship is stopped and is effective from the beginning of the month following its issuance. In particular, the scholarship may be revoked if the scholarship holder:
 - 1) infringes TUL's intellectual property rights;
 - 2) fails to fulfil the obligations incumbent upon them under the employment relationship resulting from the Study Regulations of Lodz University of Technology, the Regulations of the Interdisciplinary Doctoral School of Lodz University of Technology or the Regulations of the E2TOP Programme - Excellence in Engineering: Talents in Research with Opportunities Programme;
 - 3) damages the good name of Lodz University of Technology;
 - 4) undertakes competitive activities against Lodz University of Technology.

§ 10

1. A scholarship from the Fund is awarded independently of other scholarships and benefits.
2. In matters not regulated in the Regulations, the provisions of the law and determinations of the competent bodies of Lodz University of Technology apply.
